

# Bloody Footprints in the Snow: The Testers Rant

**Neil Kirby**

Member of Technical Staff  
Alcatel-Lucent

“The path they took was well-defined by the bloody footprints in the snow.”

# It Takes Good People to Test

# I'm from QA and I'm Here to Help

# Question: What Sucks More than Test?

# Answer: Managing Test

# Take A Hostage

(But give them back mostly unharmed)

# Level with Your Test Team

# Don't Beg. Make Stuff Happen.

Got what it takes to be a tester?

*Prove it.*

Maybe then you'll quit passing off  
buggy code.
