Meaningful Experiences

Introducing Monopoly to Facebook

Competition

Synchronous vs. Asynchronous

Solution: Visit, Engage, Cooperate!

I'm already hooked! Popular franchise, compelling game play, and not too much "work" ... I think you have a winner on your hands!

I just called my friend and told him where exactly where he should put the Vortex trap!

I switch between movers ... the dog for more properties, wheelbarrow for more money, sports car for more rolls, boot when I'm approaching go!

Success in Numbers...
