WORDS with friends

What is Words With Friends?

- Initially shipped in July 2009 on iPhone
- Currently available on iOS, Android and Facebook
- Regularly been in the top app lists and top game lists for all three platforms
- Currently the game with the highest DAU on Facebook

Where we are now

- **Four With Friends titles live**
 - **Words available on iOS, Android and Facebook**
 - **Hanging available on iOS and Android**
 - **Scramble available on iOS**
 - **Chess available on iOS**
- **This means we have 15 unique applications supported!**

How is this relevant?

!=

The beginnings

Lesson:

**use the right tool for the
job in front of you**

The iPad

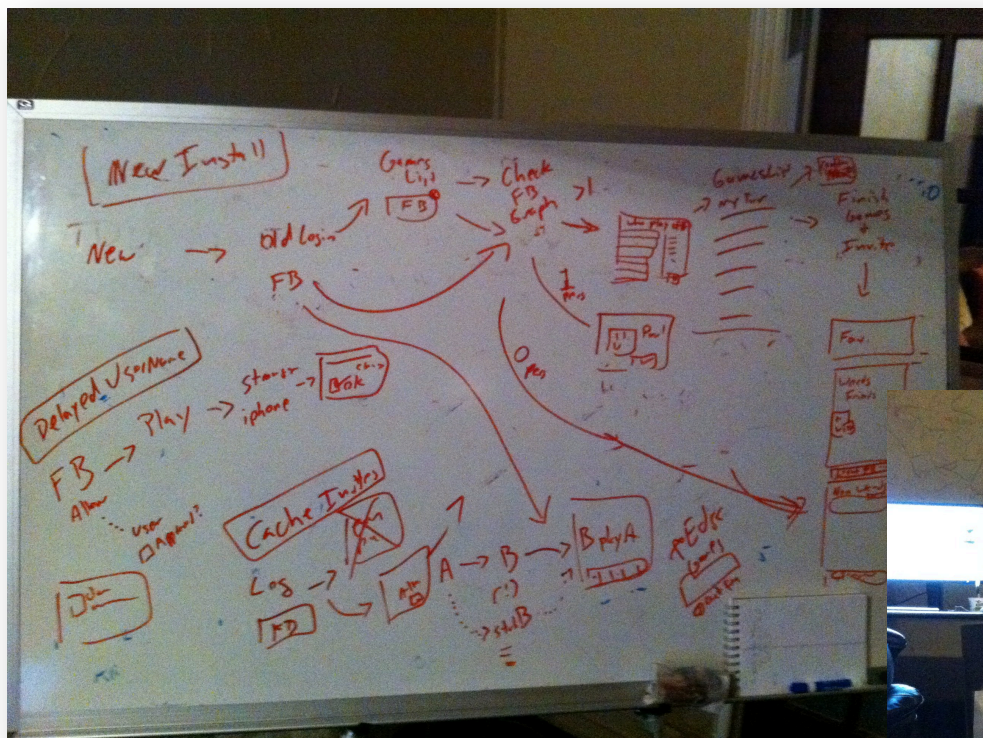

Lesson:

**every new feature is more
than just time to build**

Lesson:

**give yourself the ability to
talk to your players**

Lesson:

**don't be afraid to take a
step back and pivot**

Lesson:

**‘clean slate’ rewrites are
rarely a good idea**

```
# FIXME This is kind of a hack to make sure  
# back to the game, because creating a move  
# game... otherwise, you get NoMethodError  
# happens
```

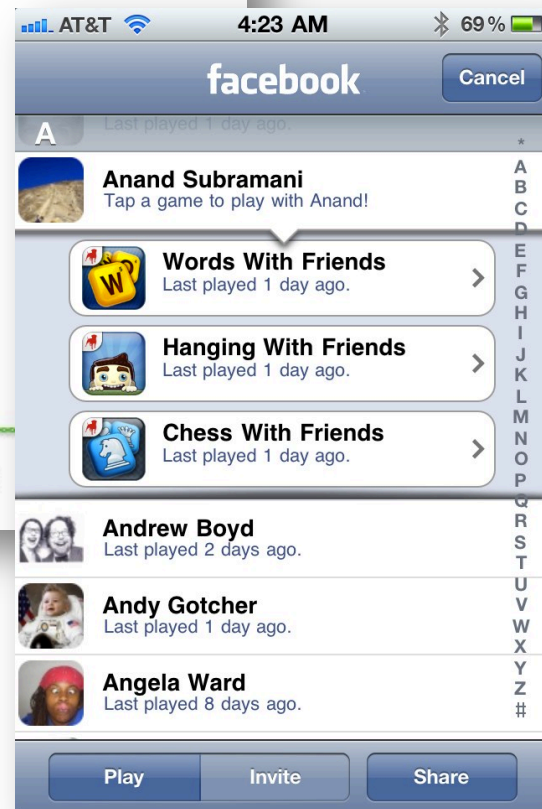

```
// Hack - fixme, hardcoded size for this.  
CGSize poSize = CGSizeMake(320, 600);  
mNewsViewController.popoverController.popo
```

```
public static Bundle parseUrl(String url) {  
    // hack to prevent MalformedURLException  
    url = url.replace("fbconnect", "http");  
    try {
```

```
//-- Super Hack should be more generalized and fixed up in  
    game it is  
#ifdef WORDS  
    NT_ASSERT(wordGame == nil, @"Already have a word game");  
    if(wordGame == nil)  
    {  
        wordGame = [WordGame alloc];
```

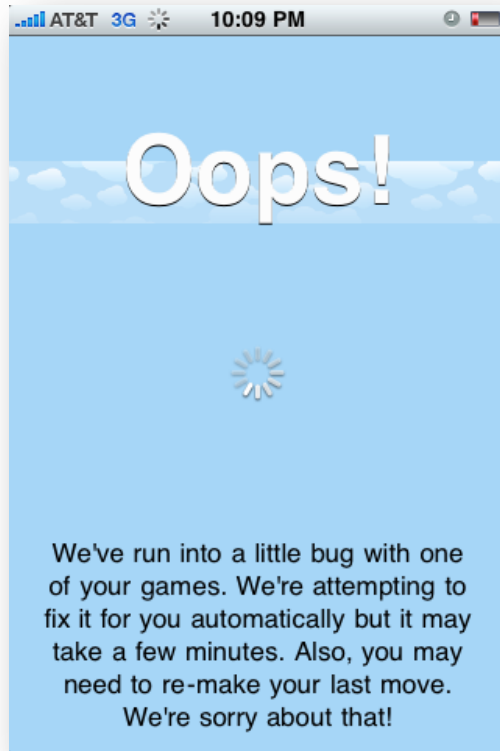

Lesson:

**building up code debt is ok
(just pay it back)**

Lesson:

always include a kill switch

Lesson:

**the most obvious answer
isn't always the best one**

2,147,483,647

**bigint_moves
make_you_wanna_moves
da_moves
night_moves
smooth_moves
dance_moves
way_she_moves**

Lesson:

**don't let your engineers
name database tables**

Lesson:

~~don't let your engineers
name database tables~~

Lesson:
solutions found under
constraints are often the
best

Lesson:

**always get your data in
real time**

Lesson:

**minimize anything that
stifles innovation**

Lesson:

**trust your intuition, but
confirm with metrics**

Final stretch!

Words With... 4.07 Crash Reports

iOS 5.0

iOS 4.3

Crashes and Freezes

These are the most frequent crashes for the current version of your application si

Lesson:

**always have a fallback
plan**

Lesson:

milliseconds matter

Patch 4.07 is just like that fluffy, wag-tailed puppy you can't help but love.

- Laugh as it races and frolics around the yard with faster updating and loading speeds. Good boy!
- "Fetch, 4.07!" You can now check your other With Friends moves (Chess, Hanging) from inside Words!
- 4.07 licks your game on its cheek when it's feeling blue. Multiple crashes fixed!

rating) so it knows it's doing the right thing.

Lesson:
have fun!
**(your users can tell if
you're not)**
