First, second & third person

Perspective matters!

Why does this matter?

- There are a couple of ways to look at 1st person (1P) Animation:

What kind of bullets you're going to shoot the bad guys with...

...or the window through which your player interacts with your world

It's all about...

PLAYER FEEDBACK

Disclaimers

- On first person “philosophy”...

The 12 Principles of Animation

- Squash & stretch
- Anticipation
- Staging
- Straight ahead & pose to pose
- Follow through & overlapping action
- Slow in & slow out
- Arcs
- Secondary action
- Timing
- Exaggeration
- Solid drawing
- Appeal

The 12 Principles of Animation

For Games...

- Squash & stretch*
- Anticipation*
- ~~Staging~~
- Straight ahead* & pose to pose
- Follow through & overlapping action
- Slow in & slow out
- Arcs
- Secondary action
- Timing*
- Exaggeration
- ~~Solid drawing~~
- ~~Appeal~~

The 12 Principles of Animation

For First-Person Animation

- Squash & stretch*
- Anticipation*
- **Staging**
- Straight ahead* & pose to pose
- Follow through & overlapping action
- Slow in & slow out
- Arcs
- Secondary action
- Timing*
- Exaggeration
- ~~Solid drawing~~
- ~~Appeal~~

Staging

Staging

“The window through which your player will experience your world.”
