

I am a traveler

This map illustrates a complex network of travel routes originating from numerous European cities and converging on the United Kingdom. Major cities like Paris, Berlin, and Moscow are shown with red lines radiating towards London. The map also highlights major bodies of water such as the North Sea, Baltic Sea, and Black Sea.

Do you support [العربيبة](#)?

مرجا بالعالم

A screenshot of the Wolfram Mathematica interface. The title bar says "Untitled-1". The main area shows the input "In[3]:= ملاع اي ابحرم" and the output "Out[3]= ملاع اي ابحرم". Below the input field are several buttons: "import string", "send to stream", "split string ▾", and "eliminate whites".
