

Audio Bootcamp XVI: Approaches to Interactive Music

Steve Green @ShriekSMG
Technical Sound Designer

Michigan Technological University 2014

HELLO
my name is

Steve Green

Giant Squid - Shipped ABZÛ August 2016

Giant Sparrow - What Remains Of Edith Finch

Double Fine - Full Throttle Remastered

Overview

- What We Need To Succeed
- Situation Examples
- Driving Music within Middleware
- Quick and Dirty Code Examples
- Questions

What Interactive Music Needs To Succeed

- **Sound Designer**

- Needs Organization and proper pieces of music
- Understanding of game's design and needs

- **Composer**

- Pieces of music that flow well
- "Transitionary" pieces to help those that don't

- **Programmer**

- Understanding of what event to call at what moment

Situation Examples

X-Wing

<https://tinyurl.com/jl6zkrw>

ABZÛ

<https://youtu.be/CWU1pZVw0xM?t=15m24s>

Driving Music in Wwise

<https://youtu.be/Iplp9XtcLqY>

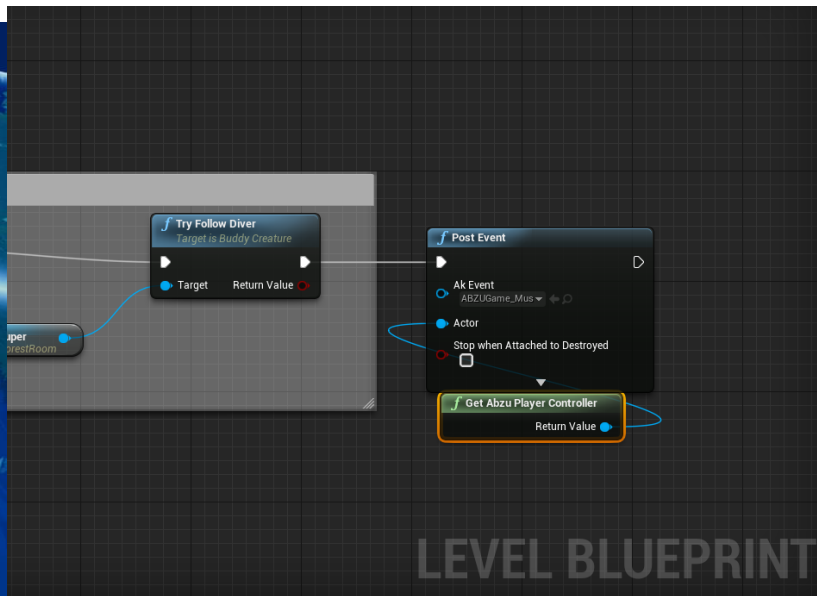

Programming

- `AkSoundEngine.PostEvent("Event_Name",GameObject);`
- `[FMOD.EventRef]`
`public string AudioEvent = "event:/AudioEvent";`
`FMOD.Studio.EventInstance AudioEvent;`
